At this stage a team member will need to create his/her personal account by clicking on

REGISTER

Once the person is register a team member will be able to conclude the transaction on-line.

One important thing, if people are using a visa debit, they should inform their bank otherwise their purchase transaction will be blocked by their bank as believing to be fraud. We are a US based clothing company and so banks will block the transaction to protect the client. When banks are informed prior to placing the order with us transactions go through with no incident. Please do inform the team otherwise their cards will be block. Visa and Master card are accepted but not American Express. **ENTERED ORDERS CAN'T BE CANCELLED, if a wrong size is entered we can alter it BEFORE we close the team store but not after the store has been closed.**
